PREFACE

IN presenting the Seventy-Seventh Annual Edition of the City of Hamilton Directory, we thank the business men and patrons in general for the liberal and enthusiastic support they have given us.

The number of names in the Alphabetical Section is 103,500. Wives' names approximate 42,500 making a grand total of 146,000 names in this section of the Directory.

The Street Directory shows some 62,000 listings including Householders, Firms, Offices, Buildings and Institutions. Our estimate of the population of the City proper is 225,700.

There are a number of persons whose names are in the directory who just live outside the city limits, and others who live in nearby municipalities including Hamilton Beach, so the residential and working population of greater Hamilton is 232,774.

In totalitarian countries funeral services are standardized to obey the State's decree.

In our country, where individuals decide both religious and secular matters for themselves, funeral are arranged as a service to the living—one that respects the family's individual wishes.
